 - Review status of the Plan Amendments sent to five adjacent regions
 - Consider opening a new filing window. If a window is open, empower the Technical Committee to receive any and all applications and to date and time stamp them into the

filing Window Log and to review and deliberate on them to a satisfactory conclusion.

- Plan for, and accept nominations for, the office of Chairman in accordance with the Region 28 By-Laws
- Discussion
- Adjournment

The Region 28 700 and 800 MHz Public Safety RPC meetings are open to the public. All eligible public safety providers in Region 28 may utilize these frequencies. It is essential that eligible public safety agencies in all areas of government, including state, municipality, county, and Native American Tribal be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate, and represent their agency's needs.

All interested parties wishing to participate in planning for the use of public safety spectrum in the 700 and 800 MHz bands within Region 28 should plan to attend. For further information, please contact:
